

IN THE CLAIMS

Claims 1-24 (Canceled).

25 (Currently Amended). A personal computer memory card international association card comprising:
a housing mountable in a personal computer;
an antenna reciprocable in and out of said housing; and
a torsion spring mounted in said housing, said spring including a coiled portion and an arm coupled to said coiled portion, said arm extending so as to extend along a length of said housing and to stay in sliding spring biased contact with said reciprocating antenna.

26 (Previously Presented). The card of claim 25 wherein said spring makes electrical contact with said antenna.

27 (Previously Presented). The card of claim 25 wherein said spring is electrically conductive.

28 (Previously Presented). The card of claim 25 including a compression spring between said housing and said antenna.

29 (New). The card of claim 25 wherein said arm is substantially straight.
